

SwissAlpin®

Mobility for city and country

a smart bus system

MOTION & EMOTION **HESS**

SwissAlpin®

Thanks to its width of just 2.40 m the HESS SwissAlpin, which varies in length from 9.7 m to 10.9 m, takes even the narrowest of roads in its stride. Despite its compactness, it is additionally exceptionally spacious. In addition to its 30 to 38 seats, the SwissAlpin provides an area for special use to accommodate pushchairs and wheelchairs
